

Guide to How to Join Neutral Ground's Meetup

Many of you have asked how to join our meetup. I have provided a few links from meetup.com to get you signed up. The more of us that join the easier it is to see what you wish to attend, and the easier it is for us to communicate for events. Please sign up...Only our meetup members can see where private events are held and who else is coming. This is to protect the confidentiality of our members.

Note: In order to complete your sign up you will need to be approved by me. If you are a current Neutral Grounder and I recognize your profile I will accept you as soon as it is sent to me. If you have not attended Neutral Ground before then you will need to come to Orientation which is held on 1st & 3rd Thursdays at 7 PM at Henrietta UCC, 1400 Lehigh Station Road, Henrietta NY 14467. After you attend orientation I will be glad to approve you.

When creating your profile to be viewed on meetup, I suggest you keep it simple: First Name, Last name or Initial, a simple statement if you would like to say who you are. You can e-mail me at Neutralground1@gmail.com with any questions.

- If you already have a meetup profile you can go right to our link and request to join our meetup.
